Taste of Hudson benefits **Hudson Cradle**, an infant group home providing full nurturing residential care to homeless infants with special needs. Most of the babies are prenatally drug exposed (usually cocaine and heroin), some are HIV exposed, and some have been abused or neglected. All of the infants are under the supervision of the Division of Youth and Family Services. Hudson Cradle also provides family support services and community education. **Since opening its doors in 1992, Hudson Cradle has provided a loving home and care to over 535 infants!**
